

**EDDIE I. GARCIA**  
**Director, Marketing & Communications**  
**Oshkosh Defense**

Eddie I. Garcia is director of Marketing and Communications for Oshkosh Defense. His responsibilities include marketing and communications activities for the company's various military tactical-wheeled-vehicle products, programs and services.

Garcia joined Oshkosh in 1991 as a contract administrator and then became program manager on the U.S. Army's Palletized Load System tactical-wheeled-vehicle program. He was promoted to manager of Government Marketing in 1993 and to his current position in 2009.

Prior to joining Oshkosh, Garcia was a senior contract administrator for Texas Instruments Incorporated, Defense Systems & Electronics Group, based in Lewisville, Texas, from 1987 to 1991. He was responsible for contract administration, contract negotiation and contract management activities on the multimillion dollar U.S. Navy HARM missile and the U.S. Air Force PAVEWAY laser-guided bomb programs.

Garcia is an alumnus of Southern Methodist University (SMU) in Dallas where he received his bachelor's degree in business. Garcia is an active member of National Defense Industrial Association (NDIA). In January 1997, he received the organization's Bronze Medal in recognition for outstanding service. He also is a member of the Association of the United States Army (AUSA), National Guard Association of the United States (NGAUS), the Corporate Advisory Panel (CAP) for National Guard affairs and various U.S. Army TRADOC associations.

**About Oshkosh Defense**

Oshkosh Defense, a division of Oshkosh Corporation, is an industry-leading global designer and manufacturer of tactical military trucks and armored wheeled vehicles, delivering a full product line of conventional and hybrid vehicles, advanced armor options, proprietary suspensions and vehicles with payloads that can exceed 70 tons. Oshkosh Defense provides a global service and supply network including full life-cycle support and remanufacturing, and its vehicles are recognized the world over for superior performance, reliability and protection.
